## Overview

Welcome to Crypto Miner Token Coin, where **we're leading the change in comprehensive insurance for digital coins.** In today's ever-shifting digital landscape, where cryptocurrency values can be unpredictable, Crypto Miner TokenCoin offers assurance against potential loss and volatility.

But our commitment doesn't stop there. We're also extending our coverage globally to protect against inflation and depreciation.

With Crypto Miner Token Coin by your side, you can bid farewell to worries about currency devaluation and navigate confidently. Plus, we've got you covered when it comes to precious metal holdings like silver, gold, and antique coins, ensuring your investments are shielded against potential risks.

Join us on this journey where financial security meets cutting-edge technology. With Crypto Miner Token Coin, imagine a future where your assets are protected, allowing you to navigate the world of finance with confidence and peace of mind.

## *Distribution*

The Crypto Miner Token will be distributed in three manners described below.

- **Pre-Sale:** During this period of time, the general public will have the ability to purchase Crypto Miner Token tokens at a large discount.
  - Starting price will be \$0.01 per token.
  - Every 72 hours, price will increase by \$0.005
  - 50% of the total token supply will be sold.
  - Any unsold tokens will be burnt.
- **Public Listing:** The initial listing will take place on PancakeSwap, CMTSwap and DEX & CEX listings.
  - The tokens will be listed at a starting price of \$0.45
- **Airdrop Competition:** 2% of the total supply will be allocated for our Zealy Airdrop campaign.
- **Insurance & Finance Platform:** 8% of the total supply will be allocated towards the CMT Insurance claims, including other Finance Products.
- **Burn:** 25% of the total supply will be devoted for burn.

## Tokenomics (cont.)

- DEX & CEX LIQUIDITY**  
DEX listing. PancakeSwap and CMTSwap
- PRESALE**  
Tokens for Sale On Our Presale
- INSURANCE & FINANCE PLATFORM**  
CMT Insurance Platform Liquidity including Finance Products.
- AIRDROP COMPETITION**  
CMT Airdrop Allocation for our Zealy Airdrop Competition.
- BURN**

## Tokenomics (cont.)

### *Profit Redistribution Mechanism*

- **Staking:** Everyone participating on presale will benefit from automatic staking feature, with a daily rate of 0.5% (183% annually).
- **Benefits to Holders:** Every holder will be generously rewarded with a 1% of tax distributions on each transaction.

### *Utility & Use Cases*

- **Direct exposure:** By holding Crypto Miner Token Tokens, investors gain direct exposure to its utility as insurance, attracting more investors and benefiting from aggressive marketing campaigns.
- **Profit Redistributions:** Every holder will be generously rewarded with a 1% of tax distributions on each transaction.

## Tokenomics (cont.)

### *Growth & Value Appreciation*

- **Supply Dynamics:** With a fixed supply and mechanisms like staking the token has inherited deflationary mechanisms.
- **Demand Drivers:** The success of Crypto Miner Token, community engagement, future exchange listings and insurance utilities will drive demand and, by extension, token value.

### *Future Roadmap*

- **Expansion Strategy:** Future partnerships and integration, like CMTSwap that will enhance the token's ecosystem and value proposition.
- **Community Engagement:** Plans for fostering a vibrant community, including airdrops, staking rewards, and other incentives, such as exclusive NFTs.

## Security & Trustworthiness

The Crypto Miner Token Team will utilise the 4 standards of security and trustworthiness:

- **Audit:** The project undergoes regular audits by reputable firms to maintain the integrity of its operations. This is why we have audited our project with BlockSAFU, a leading Blockchain Auditing Firm.
- **Data Protection:** All data, including user information and trading data, is encrypted using the safest cryptographic techniques.
- **Community Engagement:** The project team provides regular updates to the community, ensuring transparency in operations and developments.
- **Blockchain Transparency:** All transactions, including trades made by the Crypto Miner Token, including token buybacks and burns, are permanently recorded on the blockchain.

## Community Engagement & Growth:

The community is the most important aspect of the Crypto Miner Token Token. That is why all the tokens are distributed to the public. Here are some additional steps our team is taking to ensure the growth and fostering of the community:

- **Community-Focused Approach:** Encouraging open communication between the project team and the community, ensuring transparency and trust.
  - **Incentive Programs:** Periodic Zealy Competitions to reward loyal community members and attract new participants.
  - **Future Vision:** Plans to land over 10 exchanges and more partnerships to grow the Crypto Miner Token community.
  - **Community Governance:** long-term vision to introduce decentralized governance, allowing the community to have a say in key project decisions.
